Adventure**

Stand Master

Stand User: Aaron Molina

Description: Born and raised in New York City, he had first discovered his powers around the age of 5, which was to manifest his life energy into a spritual form: A Stand. Currently 19, this Stand Master's strength is his pattern recognition and analytical skills, which has gotten him out of numerous situations.

Stand Name: "Californication"

Description: Being a power type stand, it has immense physical strength and speed, enough to break through rock and metal, and whose striking speed averages to about 400mph, but is capable of going much faster. But because of that, its area of effect is 2 meters. The stand has above average precision and durability as well.

Special abilities:

Road Trippin': Increase its range at the cost of its strength and durability

Scar Tissue: Absorb a quality from touching an inanimate objects and apply it to both itself and Aaron for a limited time. **Ex:** become as hard as a rock or soft as a pillow.
