Areas of expertise (no more than 15 words e.g. Marine phytoplankton physiology and ecology, biogeo-chemistry of metals, marine pollution):

Indicate which of these broad headings describing areas of expertise that you would like to be listed under (you may select multiple categories) :

Benthic Ecology
Biogeochemistry
Chemistry

Climate Change
Environmental, Resource, and Fisheries Economics
Engineering/Hydrology
Environmental Modeling and Prediction
Environmental Health and Contaminants
Erosion and Sediment Transport
Fisheries Biology
Geophysics
Invertebrates
Marine Birds
Marine Mammals
Marine Geology
Marine and Environmental Policy
Marine Resources Management and Conservation
Maritime Law
Maritime History
Physical Oceanography
Plankton/Harmful Algal Blooms
Observing Systems
Shellfish
Social Ecology
Social and Environmental Decision Making
Sustainable Development
Wetlands

If you don't feel your research fits into any of the above, and/or could be better described by another heading, please suggest a new category (we will add/rearrange categories if there are sufficient number of individuals to fill a particular category):
